

Hello Ses Estacions. My name is Justin Henze and I am the English Assistant here at the high school. I am very happy to be here in Palma and have had a very warm welcome from the students and faculty. I am from a city in the United States called Atlanta. If you aren't familiar with Atlanta, it's a big city located in the southeast of the United States dead in the middle of a forest in Georgia. The city has temperate weather and the temperatures are similar to those of Palma. The city is home to author Margaret Mitchell, who wrote *Gone with the Wind*, and Civil Rights Activist Martin Luther King Jr. I studied at a University in South Carolina, where I obtained my degree in Political Science. I am a huge fan of travel and great foods and am very lucky to have both of those things here in Palma. I am looking forward to sharing my culture at the high school and in the community and I'm very appreciative of the kids and staff for sharing Mallorcan culture with me.
